## THE STORY BEHIND OUR LOGO

### THE MOUNTAINS

The blue color of mountains signifies trust, dependability and strength which are also reinforced through the mountain shape itself. Triangular peaks help to emphasize the characteristics of stability, professionalism, strength and efficiency.

The mountains are also representative of nearby Yosemite National Park. Which, beyond its regional location, Yosemite, along with other national parks, symbolize how commitment to preservation enables an enduring legacy for generations to come. Collectively these ideas represent Strong Valley's goal of supporting clients in their wealth preservation and in leaving their own legacy. The imagery also serves as a reminder that our decisions today shape our future – not just our own, but for those who come after us.

### THE ROUND DESIGN

Circles may be used to signify relationships, continuity, and endurance. The overall circle shape of its logo symbolizes Strong Valley's commitment to long-term relationships with our clients and community partners.

### THE VALLEY PERSPECTIVE

Physical mountains often define the natural boundary of a valley. The Strong Valley logo is drawn from the perspective of fields in the foreground and mountains in the distance. This mirrors Strong Valley's belief that making the right near-term decisions derives from clarity about long-term goals.

### THE OPEN CIRCLE

Orange is used to express traits such as friendliness, sociability, and confidence. Just as mountains help define physical valleys, the orange circle sets distinct boundaries that encompass Strong Valley's ideals, which set them apart from others. Yet, like the open circle, Strong Valley is welcoming to all who share our ideals and goals.

### THE FIELDS

Green symbolizes ideas of freshness, growth, and nature. The smooth rolling hills and crop rows are a nod to the vast agribusiness culture in the Central Valley and home to Strong Valley's Fresno, CA headquarters.

The fields also carry a deeper meaning. Known for their hard work and resilience, during planting, cultivating, growing, and harvesting, farmers must be prepared for unexpected storms, shifting seasons, and sudden changes in market prices. Like you, they must be prepared for many things outside of their control.

Strong Valley largely serves individuals, families, and businesses whose wealth has come through hard work. Our goal is to help our clients plan for the unexpected, while preserving the fruits of their labor, regardless of where they are on their journey or life cycle.

## Strong Valley Is Not Just A Place, But An Ideal.

Strong Valley is headquartered in Fresno, in the heart of California's Central Valley, near the geographical center of the state itself. Fresno is centrally located between San Francisco and Los Angeles, less than 80 miles from three major national parks (Yosemite, Sequoia, and Kings Canyon) and only a short distance from the beautiful California coast.

The ideals of Strong Valley transcend geography. Coordinates do not define our borders; a diverse group of clients and networks of professionals in many different locations do. We are a community of people committed to shared values and guiding principles, principles that shape not only how we conduct business, but why we are in business, and those we serve.

In 2000 the National Civic League named Fresno, the only city in California, as an All-American City. This prestigious award annually selects just ten cities across the nation as "models of problem-solving and community-building" and "the potential within every community to tackle tough issues and create real change." Strong Valley carries with it these ideals and sentiments.

## A Journey Guided By Core Principles.

Strong Valley is on a journey to change how personal and business wealth management is done. We are committed to innovation that focuses on the client experience in every aspect of our business and adhere to proven principles, well-defined laws, and safeguards. We embrace an attitude of continual learning, with the implementation of the latest tools and technology to serve our clients better. This is not creating change for its own sake; instead, it is transforming intentionally to create a real and meaningful difference in our clients' lives.

- **We believe** making the right near-term decisions comes from clarifying long-term goals and measurable outcomes.
- **We believe** integrity, transparency, and excellent service should guide every aspect of a client's journey and experience.
- **We believe** long-lasting relationships are built on a foundation of trust and forged over time by walking in-step and shoulder-to-shoulder with our clients.
- **We believe** that service is about serving others – it goes beyond regular business; it means doing things that have meaning and purpose while inspiring others to do the same.
- **We believe** that these enduring values and principles, when executed to their fullest potential, will lead to growth, strength, security, and a lasting legacy – not only in business but in life.

## Welcome to Strong Valley – We're Glad You're Here.

We created Strong Valley to build a community of clients and a network of partners devoted to building on the foundation of these enduring philosophies.

# Keys to a Successful Relationship

As professional advisors we believe that a core component of your achieving your financial goals comes through ensuring a successful working relationship. And we believe that a successful working relationship comes from mutual trust, respect, and sincerity.

## What We Can Expect From Each Other

Our advice is custom tailored to the information you provide – so keeping us informed and involved with all financial considerations or goal changes will be important to providing the proper advice.

Likewise, we promise to keep you informed of changes that may impact necessary strategies and will meet with you regularly to review your investment plans and goals.

We believe the best relationships are based on mutual effort, so we also expect the same things you expect from Strong Valley:

- Trust
- Respect
- Sincerity
- Integrity
- Responsiveness to Requests
- Commitment to Relationship
- Honesty and Full Disclosure

Strong Valley represents community and commitment. We are a community of professional advisors dedicated to the success of our clients, measured in both financial strength and the strength of our relationships.

We believe that when you genuinely care about people your motivation goes beyond just looking out for their best interests, it means ensuring that clients realize the tangible financial benefits of our being there for them every step of the way.

## **Rick Trippel**

Senior Wealth Manager

Rick Trippel joined Strong Valley Wealth and Pension as a Senior Wealth Manager, the culmination of over 35 years in the financial services industry, with a career dedicated to placing clients' needs above large corporate interests. Strong Valley enables Rick to continue in his commitment to maintaining quality client relationships with more face-to-face meetings, access to better technology, and being able to deliver truly independent advice.

Strong Valley also reflects Rick's own desire to be easily accessible to clients, and his drive for daily accountability in upholding the values of trust and integrity, and a commitment to making a meaningful difference in the lives of his clients. These are the values Rick has worked to bring during his 35+ years of listening to client needs, and managing assets for individuals, corporations, corporate retirement plans, endowments, and foundations.

Rick started his career in 1986 when he became registered and joined Shearson Lehman Brothers. In 1998, Rick achieved his Certified Investment Management Analyst (CIMA®) designation from the Wharton School, University of Pennsylvania. Rick graduated from California State University, Fresno with a Bachelor of Science in Business Administration in 1977.

Having lived in Fresno his entire life, Rick feels fortunate to have made many good friends in the San Joaquin Valley. Rick is a past Board member of Fresno/Madera Youth for Christ, a past deacon of the board for New Covenant Community Church in Fresno, and a past president for Fort Washington Golf & Country Club. He and his wife Jeannie have two children and 5 grandchildren. In his spare time, he enjoys spending time with his grandkids, traveling, and enjoying the outdoors hunting, fishing, and golfing.
